

Student
Acceptable Use Policy
St. Ambrose School/Diocese of Cleveland
923 Pearl Road
Brunswick, OH 44212

St. Ambrose makes a variety of communications and information technologies available to students through computer/network/Internet access. These technologies, when properly used, promote educational excellence by facilitating resource sharing, innovation, and communication. Illegal, unethical or inappropriate use of these technologies can have dramatic consequences, harming the school, its students and its employees. The Acceptable Use Policy is intended to minimize the likelihood of such harm by educating **St. Ambrose's** students and setting standards which will serve to protect the school. We firmly believe that digital resources, information and interaction available on the computer, network or Internet far outweigh any disadvantages.

All users are expected to use the technology available at **St. Ambrose** in a manner that is consistent with the teachings and mission of the Catholic Church and the school's academic programs. Technology includes but is not limited to: cellular telephones; CD/MP3/DVD players; personal data devices; computers, hardware and peripherals; software including operating system and application software; Internet; digitized information including stored text, data, email, digital images, video and audio files; internally or externally accessed databases, applications, or tools (Internet- or school-server based); school provided Internet access; and new technologies as they become available.

Users are expected to be appropriately responsible for and use technology to which they have access. Actions considered inappropriate are prohibited and will result in revocation of the student's access to the computer/network/Internet.

Inappropriate Use: Inappropriate use includes, but is not limited to: those uses that are specifically named as violations in this document; that violate the rules of network etiquette; or that hamper the integrity or security of this computer/network/Internet system or any components that are connected to it.

Transmission of any material in violation of any federal or state law is prohibited. This includes, but is not limited to: cyber bullying; threatening, pornographic, harassing, defamatory or obscene material; or other inappropriate use of technology such as e-mail, social networking, web pages, and the use of hardware and/or software which disrupts or interferes with the safety and welfare of the school community (even if such uses take place after school hours or off school property).

Students must:

1. Respect and protect the privacy of others.
 - a. Use only assigned accounts.
 - b. Decline to view, use, or copy passwords, data, or networks to which they are not authorized.
 - c. Avoid distribution of private information about others or themselves.
2. Respect and protect the integrity, availability, and security of all electronic resources.
 - a. Observe all network security practices as posted.
 - b. Report security risks or violations to a school administrator, teacher or network administrator.
 - c. Refrain from destroying or damaging data, networks, or other resources that do not belong to them without clear permission of the owner.

- d. Conserve, protect, and share these resources with other students and Internet users.
 - e. Refrain from accessing the network with personal devices without approval of school administration.
 - f. Abstain from overriding the Internet content filtering system.
3. Respect and protect the intellectual property of others.
- a. Refrain from copyright infringement (making illegal copies of music, games, or movies).
 - b. Avoid plagiarism.
4. Respect and practice the principles of parish and school community.
- a. Communicate only in ways that are kind and respectful.
 - b. Report threatening or discomfoting materials (cyber bullying) to a school administrator, teacher or network administrator.
 - c. Refuse to access, transmit, copy, or create material that violates the school's code of conduct (such as messages that are pornographic, threatening, rude, discriminatory, or meant to harass).
 - d. Avoid accessing, transmitting, copying, or creating material that is illegal (such as obscenity, stolen materials, or illegal copies of copyrighted works).
 - e. Abstain from using the resources to further other acts that are criminal or violate the school's code of conduct.
 - f. Avoid sending spam, chain letters, or other mass unsolicited mailings.
 - g. Refrain from buying, selling, advertising, or otherwise conducting business, unless approved as a school project.
 - h. Avoid posting or disseminating any harassing, demeaning, threatening or immoral comment or visual injurious to the reputation of the school, the parish, the Church or an individual, whether the action occurs on school property or off grounds.

Consequences for Violation: Violations of these rules may result in disciplinary action, including the loss of a student's privileges to use the school's information technology resources. Users have the responsibility to use technology resources in an appropriate manner. Consequences of misuse or abuse of these resources will be disciplined depending on the severity of the situation.

Supervision and Monitoring: School and network administrators and their authorized employees periodically monitor the use of information technology resources to help ensure that users are secure and in conformity with this policy. Students have no expectation of privacy with respect to the use of technology resources. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, or security of any student or other person, or to protect property. The school administration has the right of access to any electronic devices brought onto school property. They may also use this information in disciplinary actions and will furnish evidence of crime to law enforcement should one be committed.

The school reserves the right to issue additional or more detailed rules for the use of technology resources, and violations of such rules may be a cause for imposition of any of the penalties delineated above. The school reserves the right to seek financial restitution for any damage caused by a student.
