

April 21, 2017

We have had a wonderful week in second grade! The students are continuing to work hard every day. As we move closer to the sacrament of First Eucharist, we are busy in class learning about the sacrament and parts of the Mass. This is such a great time for your child to see what they are learning. We continued learning about the the Eucharist in Religion. We began Superkids Unit 6 Week 2 in Reading. In math we continued our unit on adding and subtracting money. We continued our economics unit in Social Studies, learning about bartering and trading. In science we continued to study weather and weather vocabulary words. Our field trip to the Great Lakes Science Center was a blast! We hope your child was able to share some of the things they saw and learned more about! Thank you to the parent chaperones who attended and helped make the trip a success! Check out the Flipagram we made with pictures <https://flipagram.com/f/17WbgBSAQxa>.

We hope you are able to join us at Mass each weekend to share in the celebration and share that with your child. Please let us know if there are any questions you may have during the final month of preparation. It will be here before we know it! Jesus Day is tomorrow! If you have any support letters, you can still bring them. Please be sure to bring the First Eucharist Banner tomorrow morning. We look forward to seeing you all for a great day filled with friends and faith!

We hope you have a great weekend! We look forward to another great week in second grade!

What is happening next week in second grade...

| | |
|----------------|--|
| Language Arts | Unit 6 Week 2 (Spelling Test Thursday) |
