

## 2nd Grade Rocks!

November 20, 2017

It has been a great week in 2nd Grade! The students are continuing to work hard every day. It was so exciting to have Mrs. Shreve in the classroom this week and we all are looking forward to continuing the year with her. In Religion, we continued to learn about Reconciliation, with the students receiving the Sacrament on Tuesday or Saturday. It was amazing to see the joy and happiness on their faces! In Reading, we continued Superkids with Unit 3 Week 1. In science, we completed our spider reports and had a fun STEM day on Thursday. Students created Lego spiders and built critter catchers to achieve their engineering task. In Social Studies, we discussed Thanksgiving and life in the past. In Math, we started a unit on graphing and data. The test will be Tuesday, November 21.

After Thanksgiving, we will be starting our Christmas Around the World Unit. Please look for email with details and information on how you help and share your family's traditions! See below for many important dates in the upcoming month.

We hope everyone has a safe and happy Thanksgiving! We look forward to another great week in 2nd Grade!

*What is happening next week (11/27) in second grade...*
